

Program Details: Artist in Residence

The Artist in Residence (AIR) program awards fully sponsored residencies to approximately 50 local, national, and international artists each year. Residencies of four to ten weeks include studio space, chef-prepared meals, housing, travel and living expenses. AIRs become part of a dynamic community of artists participating in Headlands' other programs, allowing for exchange and collaborative relationships to develop within the artist community on campus. Artists selected for this program are at all career stages and work in all media, including drawing, painting, sculpture, photography, film, video, new media, installation, fiction and nonfiction writing, poetry, dance, music, interdisciplinary, social practice, arts professions, and architecture.

All Artist in Residence applicants are also considered for the following awards:

- McEvoy Family Award
- McLaughlin Children's Trust Award
- McLaughlin Foundation Award
- Project Space
